Appendix 1: absence codes	5

1. Aims and scope

We are committed to meeting our obligations with regards to school attendance by:

- Ensuring every pupil has access to full-time education to which they are entitled;
- Acting early to address patterns of absence;
- Supporting parents/carers and pupils who are concerned about the return to school due to coronavirus.

This publication is an addendum to the non-statutory [school attendance: guidance for schools](#).

We have amended regulations to enable schools, in the 2021 to 2022 academic year, to continue to record where a pupil does not attend in circumstances relating to COVID-19.

We may need to amend or add to this addendum as circumstances or official guidance changes. We will communicate any changes to staff, parents and pupils.

2. Guidance and definitions

This policy meets the requirements of the Department for Education's (DfE's) [guidance](#) on school attendance during the 2020/21 academic year.

In section 4.2 of this addendum, where we refer to 'close contact', this means:

- Direct close contacts: face-to-face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face-to-face conversation, or unprotected physical contact (skin-to-skin);
- Proximity contacts: extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual;
- Travelling in a small vehicle, like a car, with an infected person.

This definition is from the DfE's [guidance on full reopening for schools](#) (see number 9 in 'the system of controls').

3. Attendance expectations

Attendance is mandatory. The usual rules on attendance continue to apply, including:

- parents' duty to ensure that their child of compulsory school age attends regularly at the school where the child is a registered pupil

- schools' responsibilities to record attendance and follow up absence
- the ability to issue sanctions, including fixed penalty notices, in line with local authorities' codes of conduct
- the duty on local authorities to put in place arrangements for identifying, and to follow up with, children missing education

4. Where 'non-attendance in relation to coronavirus' applies

This category must be used to record sessions that take place in the 2021 to 2022 academic year where a pupil does not attend because their travel to, or attendance at, school would be:

- contrary to guidance relating to the incidence or transmission of COVID-19 from Public Health England (PHE), or its successor UK Health Security Agency (UKHSA), and/or the Department of Health and Social Care (DHSC)
- prohibited by any legislation (or instruments such as statutory directions) relating to the incidence or transmission of COVID-19

This category must only be used to record where a pupil is not attending for the reasons set out above. It should not be used to record any other type of non-attendance or absence - for example, where a parent or pupil is anxious about attending school because of COVID-19.

The [schools COVID-19 operational guidance](#) sets out when pupils should self-isolate and when they ought to be tested in the 2021 to 2022 academic year.

Examples in which 'not attending in circumstances relating to COVID-19' could apply

In line with current legislation, and guidance from PHE (and its successor the UKHSA) and DHSC, examples are as follows.

4.1 Pupils who are required to self-isolate as they have symptoms or confirmed COVID-19

Pupils who have symptoms of COVID-19, or have had a positive lateral flow device (LFD) test, should self-isolate and get a confirmatory polymerase chain reaction (PCR) test.

If a pupil tests negative and if they feel well, they can stop self-isolating and return to school. If the pupil remains unwell following the test (such as with a different illness), then they should be recorded as code I (illness). Code X should only be used up until the time of the negative test result. Schools should not retrospectively change the attendance register due to a negative test result.

If a pupil tests positive, they should continue to self-isolate in line with public health guidance. Code X should be used for the period of self-isolation until the test. After the pupil tests positive, they should be recorded as code I (illness) until they are able to return to school.

4.2 Pupils who are a close contact of someone who has symptoms or confirmed COVID-19

Pupils who are a close contact of someone who has tested positive for COVID-19 do not need to self-isolate. They should instead get a PCR test, and should only self-isolate if they test positive. If they do test positive, they should be recorded as code I (illness) until they are able to return to school.

4.3 Pupils who are required by legislation to self-isolate as part of a period of quarantine

As usual, parents should plan their holidays within school breaks and avoid seeking permission to take their children out of school during term time. Families should also consider that their child may need to self-isolate following trips overseas that require a period of quarantine. If a pupil is required to be in quarantine on arrival in, or return to, the UK, the school should use code X in the register.

4.4 Pupils who are clinically extremely vulnerable when shielding is advised

Clinically extremely vulnerable people are no longer advised to shield. All clinically extremely vulnerable pupils should attend their education setting unless they are one of the very small number of children and young people under paediatric or other specialist care who have been advised by their clinician or other specialist not to attend.

If shielding is advised nationally or in a local area again, by DHSC, PHE or UKHSA, then pupils who are clinically extremely vulnerable may be advised not to attend school. Non-attendance in accordance with guidance from DHSC, PHE or UKHSA should be recorded as code X.

4.5 Pupils who are self-isolating but who have not had a PCR test

In line with public health advice, pupils with symptoms must self-isolate and schools should strongly encourage pupils to take a PCR test. Where the pupil is unable to take a PCR test, the school should record the pupil as code X in the register.

Schools should follow up with families if they are not satisfied with the reason as to why the pupil is not in school. Schools can request supporting evidence from the family. Where the school is not satisfied with the reason given for absence, they may record this using one of the unauthorised absence codes, in line with the [school attendance: guidance for schools](#).

4.6 Remote education

If a pupil is not attending school because their attendance would be contrary to government guidance or legislation around COVID-19, we expect schools to offer them access to remote education. Schools should keep a record of, and monitor engagement with, this activity, but this does not need to be tracked in the attendance register.

5. Recording attendance

We will take our attendance register at the start of the first session of each school day and once during the second session. It will mark whether every pupil is:

- Present
- Attending an approved off-site educational activity
- Absent
- Unable to attend due to 'exceptional circumstances' (as defined in section 5.1 of our normal attendance policy)
- Unable to attend for reasons related to coronavirus (see Appendix 1 for the relevant absence codes and when we will use them)

Pupils must arrive in school at their designated time slot on each school day.

The register for the first session will be taken at 09:00 and will be kept open until 09:30. The register for the second session will account for the staggered lunch times and be taken between 12:40 to 13:00 and will be kept open until 13:30.

6. Following up absence

Where any child we expect to attend school does not attend, or stops attending, we will:

- Follow up on absence with parent/carer to ascertain the reason, by text message and phone call on the day of absence.
- Notify their social worker, where they have one.

If a pupil does not attend because they, and/or their parent/carer are concerned about returning to school because of coronavirus, we will:

- Arrange a phone call/video meeting/in-school appointment between the parent/carer and a member of the SLT to explain the protective measures the school is taking to keep pupils safe.
- Provide therapeutic support to help alleviate anxiety due to coronavirus.

6.1 Legal sanctions

Although legal sanctions still apply during the coronavirus outbreak, Quorn Hall School will be considerate of the difficulties faced by families and work with parents/carers to maintain as normal an experience as possible for pupils to promote good school attendance.

7. Monitoring arrangements

This policy will be reviewed as guidance from the LA or Department for Education is updated, and as a minimum every 2 months during term time by Anna Fitzpatrick (Deputy Headteacher responsible for attendance). At every review, it will be approved by the full governing board.

Appendix 1: pupil absence codes

The following codes are taken from the DfE's addendum to their school attendance guidance for the 2020/21 academic year. If not covered here, our normal attendance codes apply.

Code	Definition	Scenario
X	Not attending in circumstances relating to coronavirus (COVID-19)	Pupil has to self-isolate because they have symptoms or live with someone who does, and are waiting for their test results
I	Illness	Pupil remains unwell following a negative test result (i.e. with a different illness)
I	Illness	Pupil has to continue to self-isolate because they tested positive
X	Not attending in circumstances relating to coronavirus (COVID-19)	Pupil has to self-isolate (for 10 days) because someone they live with tested positive
X	Not attending in circumstances relating to coronavirus (COVID-19)	Pupil has to self-isolate (for 10 days) because they are a close contact of someone who tested positive
X	Not attending in circumstances relating to coronavirus (COVID-19)	Pupil has to quarantine (for 10 days) after a trip to a non-exempt country
X	Not attending in circumstances relating to coronavirus (COVID-19)	Pupil is required to shield in the case of a local lockdown, or lives with someone who is required to shield

x	Not attending in circumstances relating to coronavirus (COVID-19)	Pupil is asked not to attend in the case of local lockdown
